[Brand: Apipi](#)

## About this item

- **Upgraded anti-fog design:** The clear window on our deaf face cover is made of high quality anti-fog plastic, which will always keep it clear and transparent. Please tear off the film on both sides of the clear window before use.
- **Deaf-friendly Design:** As you can see, the middle part of the reusable face cover is clear and visible. This deaf-friendly design can help you break communication barriers by reading lips, which is a good choice for you to apply our products in the deaf community.
- **Premium Material:** The cloth part of the face cover is made of 100% cotton, which is breathable, soft and washable. Besides, the clear part of the deaf face mask is made of high quality TPU, which is anti-dust and highly visible. **Long-time Usage:** The cotton part and TPU part of our face cover are both durable and washable, which makes the anti-dust face cover can be used for many times after cleaning. 10 pieces face cover can meet your requirements for long-term usage and help you save money.
- **Wide Application:** The lip reading face cover makes the speaker's facial expression could be seen easily when you are wearing the mask.
